

The Finest Professional Car Care Products Made

"Try It Once.. Use It Forever!"

HISTORY

Gliptone Manufacturing Inc. established in 1947, is a trusted chemical manufacturer with over 600 active formulations targeting the automotive and transportation industry. Since its inception, Gliptone has been a trailblazer of the revolution in car care products across the world cleaning and protecting interior and exterior surfaces with best in class products and processes that has been our expertise for over 75 years. It has stood the test of time as the world leader in manufacturing premium quality products. From concept to development, to production, Gliptone Products have delivered the very best industry performance using high quality ingredients at a relatively low cost.

Gliptone products have been built to protect cars, bikes, trucks, buses, boats and locomotives from some of the harshest existing elements and weather conditions on the planet including scorching hot summer sun to snow filled freezing winters. From city pollution and industry generated airborne pollutants to the sand & salt filled forceful winds. Gliptone's offering includes a full line of Professional Automotive Reconditioning Products, Marine/RV Products, World Class Leather Care Products, High Tech Polymer Sealants and Polysilazane Coatings & Gliptone's Professional Car Wash Tunnel Chemicals.

WHY GLIPTONE?

- Trailblazing the revolution in car care industry across the world by developing Ultimate Quality Products since 1947
- Offering includes a full line of premium professional automotive Reconditioning Products & Retail Car Care Products
- Our products are built to protect automobiles from some of the harshest existing elements & weather Conditions
- From soaps & degreasers, world class leather products to CARNAUBA based waxes, or high tech Polymer sealants & ceramic coatings, Gliptone's emphasis on quality shines through
- We encourage car enthusiasts and detailers to improve their skills and pursue personal and team growth through training and hands on experience
- Training and end-user support have been the cornerstone of gliptone's success since the beginning
- We don't allow ourselves to become distracted with product trends that may be considered 'trendy' unless we are confident that they make a solid contribution to improved results!
- A secret this good cannot be kept; so, give us a try and remember: "try it once, use it forever" that's been our motto since 1947
